

**HAMBURG SUSTAINABILITY
SESSIONS: A PLATFORM
FOR INTERDISCIPLINARY
DISCUSSIONS AND**
knowledge exchange

RCE HAMBURG
GERMANY

TRANSFORMATIVE INITIATIVE

The Hamburg Sustainability Sessions is a leading series of online events fostering dialogue on key sustainability challenges. To date, 11 sessions have been held, bringing together scholars, policymakers, and practitioners from diverse fields to share knowledge, experiences, and solutions. Previous editions have explored themes such as industry decarbonisation, circular economy, sustainable finance, global education, supply chains, and urban mobility.

UNDERTAKEN BY

The European School of Sustainability Sciences and Research. **In collaboration with** Sustainable Development and Climate Change Management Research and Transfer Centre Hamburg University of Applied Sciences and RCE Hamburg and Region.
